Dear Ms. Hobson-Coard:

After reading about your story in the *San Mateo Daily Journal*, I wanted to congratulate you and your mother Mary on being recognized for your wonderful artwork in the city of South San Francisco. By repainting the graffiti-tagged utility boxes, you have transformed the public space in our community with your passion for art and creativity.

You have made a great contribution to our community. It is more beautiful and a better place to live. I am confident you will continue to use your creativity to transform our public spaces and inspire others. Thank you for all that you do.

All the best,

Jackie Speier
