South San Francisco Police Department Awarded Grant from the California Department of Alcoholic Beverage Control

The South San Francisco Police Department was awarded a \$60,000 grant from the California Department of Alcoholic Beverage Control (ABC). The grant is one of nearly 50 awarded in California to law enforcement agencies through ABC's Alcohol Policing Partnership (APP). The grant will support our ongoing enforcement and educational programs to help reduce the number alcohol related incidents within our community.

This funding will strengthen our commitment to public safety and will be used to help prevent alcoholic beverage sales to minors and obviously intoxicated patrons, illegal solicitations of alcohol, as well as educating the businesses within our community. It is a longstanding collaborative effort between the South San Francisco, Pacifica and San Bruno Police Departments and ABC.

The grant will provide additional programs and resources to the communities of South San Francisco, Pacifica, and San Bruno, including:

- Minor Decoy Operations
- Shoulder Tap Operations
- Statewide ABC Shoulder Tap Operation
- IMPACT Inspections
- LEADS Training with our ABC licensee holders

The grant program will run through June 2025. Funding for this program was provided by a grant from the California Department of Alcoholic Beverage Control through the Alcohol Policing Partnership (APP).
